

CITY OF PALOS VERDES ESTATES

The City of Palos Verdes Estates' Quarterly Drop-Off Event was held on Saturday, March 4th for residents to discard E-Waste & Household Hazardous Waste. The City is pleased for the overwhelming response of residents who wish to responsibly dispose of hazardous and electronic waste.

The event, advertised on the City website, through social media and in refuse bills, served 520 vehicles at Palos Verdes High School. The volume of waste collected exceeded expectations; as such, extra trucks were utilized to transport the waste and the event hours and staffing will be evaluated for the next E-Waste & Household Hazardous Waste Drop-Off Event.

For notification of future events, please sign-up for City news at <http://www.pvestates.org/how-do-i/sign-up-for-e-notifications> and click on "general news." Thank you to residents, Athens Services and City Staff who participated in the successful event for keeping e-waste and household hazardous waste out of landfills.

Additional Household Hazardous Waste Collection Events and Centers:

- A household hazardous waste collection event is hosted every week by the Permanent S.A.F.E. (Solvents, Automotives, Flammable, & Electronics) Collection Center, which is located at 1400 N. Gaffey Street, San Pedro, CA 90021. The event is held every Saturday and Sunday between 9:00 a.m. to 3:00 p.m.
- In addition, the Sanitation District of Los Angeles County hosts regular household hazardous waste collection events throughout the county and residents can access more information on their website at <http://www.lacsd.org/>.
