

We are listening We want to hear from you

Join Palos Verdes Estates Officials in learning about the proposed Butcher Solana Project in the City of Torrance. Be part of our City's Response.

WHAT: The Butcher Solana project is a 248 unit residential development proposed at Hawthorne Boulevard and Via Valmonte. The project is under review. The Draft Environmental Impact Report (DEIR) is anticipated to be published in July/August and the Torrance Planning Commission hearings will commence thereafter.

The City of Palos Verdes Estates City Council has an opportunity to provide their response to the City of Torrance. City Council wants to incorporate resident voices as well as DEIR findings as they develop that response. This meeting will include both an information session about the proposed project, and an opportunity for residents to inform the Council's response.

Current information about the proposed project can be found at: <https://solanatorrance.com/> and <https://www.torranceca.gov/our-city/community-development/planning/butcher-solana>.
