| Have an idea on how the City can balance its budget? | **What services would you like the City to provide?**  
The City of Palos Verdes is facing a 21.5% structural deficit in the fiscal year beginning July 1, 2017. This results from not receiving 66% voter approval at the March 7, 2017 election for extending the parcel tax that paid the cost of fire and paramedic services. Budget reductions of this magnitude will have a significant impact on City services received by residents and the public. The City needs your involvement to achieve the savings necessary.  
The City Council, in consultation with the City Treasurer, identified a menu of on-going and one-time budget savings to minimize the use of reserves.  
The goal is to dialogue through budget reduction options, address questions and collect input from residents relative to prioritizing the City's resources. The information discussed will be accumulated into a budget presented to the City Council on June 13, 2017.  

**Opportunities to share feedback:**

- Send an email: budget@pvestates.org
- Send a letter by mail:  
  340 Palos Verdes Drive West, Palos Verdes Estates, CA 90274

What services would you like the City to provide?

The City of Palos Verdes is facing a 21.5% structural deficit in the fiscal year beginning July 1, 2017. This results from not receiving 66% voter approval at the March 7, 2017 election for extending the parcel tax that paid the cost of fire and paramedic services. Budget reductions of this magnitude will have a significant impact on City services received by residents and the public. The City needs your involvement to achieve the savings necessary.

The City Council, in consultation with the City Treasurer, identified a menu of on-going and one-time budget savings to minimize the use of reserves.

The goal is to dialogue through budget reduction options, address questions and collect input from residents relative to prioritizing the City's resources. The feedback collected will be accumulated into a budget presented to the City Council on June 13, 2017.

Clean Fuel Rewards Program

A Reward for Fueling With Clean Energy

If you drive a new or used Electric Vehicle (EV), you may be eligible to receive a $450 Clean Fuel Rebate. By driving an EV, you’re contributing to a cleaner energy future.

The Clean Fuel Rebate is funded by the State of California’s Low Carbon Fuel Standard Program, which helps combat climate change by encouraging the use of clean fuels, like electricity, in vehicles.

Clean Fuel Rebate Eligibility Requirements

If you meet these few requirements, you’re eligible for the Clean Fuel Rebate. Please refer to the FAQs for additional information on program requirements and contact us with any questions.
You are a customer of Southern California Edison (SCE) with an active residential electricity account in SCE’s service territory.

You own or lease an eligible plug-in EV (battery electric or plug-in hybrid) as defined by Drive Clean.

The vehicle, identified by its unique Vehicle Identification Number (VIN), is registered at the same residential address as the address on your SCE electric service account.

You have paid the current vehicle registration fees in the State of California.

Each EV, identified by its VIN, can qualify for the Clean Fuel Rebate up to three times over its lifetime, but only after a change of possession (i.e., new owner or lessee, as applicable). Each household may receive the Clean Fuel Rebate only one time for an EV, but if you transfer ownership, the new owner (or lessee, if applicable) will qualify for a rebate – as long as the new owner or lessee meets the other eligibility requirements and the vehicle has not reached the maximum of three rebates associated with the EV.

If you have multiple eligible EVs in your household, you may receive a rebate for each vehicle if you otherwise qualify.

It's Easy to Apply for the Clean Fuel Rebate

To start the application process, you’ll need:

- Your SCE service account number. This number is located at the top of your SCE bill.
- Current vehicle registration card. Upload an image of your current vehicle registration card to complete the application process. If there are two names on your vehicle registration card, choose one vehicle owner or lessee to apply for the rebate. Only one of the owners or lessees, as applicable, may receive the rebate for a particular EV.

Important Note: Ensure all information on the Application is correct and legible. Please ensure that the name and address on the Application match exactly the name and address on the EV’s registration card. Incomplete or incorrect applications will be returned to you.

When we receive your application, we’ll review it to confirm eligibility. We’ll send you an e-mail confirmation when you’re approved, and we’ll send your Clean Fuel Rebate check to the
address on your SCE account in approximately 10 to 12 weeks after you receive the approval confirmation e-mail.
