OFFICE OF
THE MAYOR

January 11, 2019

The City of Palos Verdes Estates is glad the lawsuit over the Panorama Parkland has been resolved.

The City Council's main focus has always been the protection of our parklands, and we worked collaboratively with all parties involved to do our part to end this protracted and costly litigation.

We can now come together as a community and continue to enjoy the outstanding lifestyle that we work hard to protect.

Mayor Betty Lin Peterson,
