DESCRIPTION OF WORK:

1. Deepening of over 7000 cubic yards of material is required to place concrete foundation. Center core consists of:
   - Layout and digging to existing grade
   - Excavation to 15' below existing grade
   - Forming and grading
   - Concrete placement
   - Concrete finishing
   - Curing

2. Construction of concrete foundation:
   - 3 lines of piers
   - 10' x 10' x 10' piers
   - Setting of piers
   - Pouring of concrete
   - Finishing of concrete
   - Curing

3. Construction of concrete walls:
   - 8' high
   - 10' x 10' x 10' piers
   - Setting of piers
   - Pouring of concrete
   - Finishing of concrete
   - Curing

4. Construction of concrete roof:
   - 30' x 30' x 30' piers
   - Setting of piers
   - Pouring of concrete
   - Finishing of concrete
   - Curing

5. Construction of concrete driveway:
   - 10' x 10' x 10' piers
   - Setting of piers
   - Pouring of concrete
   - Finishing of concrete
   - Curing

6. Construction of concrete garage:
   - 15' x 15' x 15' piers
   - Setting of piers
   - Pouring of concrete
   - Finishing of concrete
   - Curing

7. Construction of concrete walkway:
   - 10' x 10' x 10' piers
   - Setting of piers
   - Pouring of concrete
   - Finishing of concrete
   - Curing

8. Installation of concrete steps:
   - Setting of piers
   - Pouring of concrete
   - Finishing of concrete
   - Curing

9. Construction of concrete retaining wall:
   - Setting of piers
   - Pouring of concrete
   - Finishing of concrete
   - Curing

10. Construction of concrete sidewalk:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

11. Construction of concrete driveway:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

12. Installation of concrete garage:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

13. Construction of concrete walkway:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

14. Construction of concrete steps:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

15. Construction of concrete retaining wall:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

16. Construction of concrete sidewalk:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

17. Installation of concrete garage:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

18. Construction of concrete walkway:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

19. Construction of concrete steps:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

20. Construction of concrete retaining wall:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

21. Construction of concrete sidewalk:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

22. Installation of concrete garage:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

23. Construction of concrete walkway:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

24. Construction of concrete steps:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

25. Construction of concrete retaining wall:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

26. Construction of concrete sidewalk:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

27. Installation of concrete garage:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

28. Construction of concrete walkway:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

29. Construction of concrete steps:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

30. Construction of concrete retaining wall:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

31. Construction of concrete sidewalk:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing

32. Installation of concrete garage:
    - Setting of piers
    - Pouring of concrete
    - Finishing of concrete
    - Curing
