

RESOLUTION NO. R 02-19

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF  
PALOS VERDES ESTATES, CALIFORNIA, DENYING AN  
APPEAL OF THE ACTION OF THE PLANNING COMMISSION  
GRANTING APPROVAL OF GRADING AND NEIGHBORHOOD  
COMPATIBILITY APPLICATIONS AT 1500 VIA CASTILLA

The City Council of the City of Palos Verdes Estates does resolve as follows:

Section 1. Applications for grading and neighborhood compatibility permits for a new single family residence (the "Application") were submitted for the property located at Lot 46, Tract No. 27438 in the City of Palos Verdes Estates, County of Los Angeles, State of California, commonly known as 1500 Via Castilla, Palos Verdes Estates, California (the "Property").

Section 2. The Application was considered by the Planning Commission on April 17, 2002. At the conclusion of said hearing, the Planning Commission determined that the Application was categorically exempt from the California Environmental Quality Act ("CEQA"), and approved the Application, subject to specified conditions attached hereto as Exhibit A.

Section 3. An appeal of the Planning Commission's approval of the Application was filed by Crystal and Marshall Lyou, Mary Baumgartner, Constance and Leon Level, and Tino Stramotas (the "Appellants"). The determination that the Application is categorically exempt from CEQA was not appealed.

Section 4. On May 28, 2002, the City Council conducted a public hearing on the appeal, which hearing was duly and properly noticed. At such hearing, the Council received and considered an oral staff report and documentary evidence, including, but not limited to, site plans, a photographic presentation, and minutes of the Planning Commission meeting, and received and considered oral testimony from the Appellants, the Property owners and others. The City Council further received and considered information regarding environmental review of the Application and the determination that the Application is categorically exempt from the CEQA.

Section 5. Based upon the evidence presented, the City Council hereby finds and determines as follows:

- a. Each fact set forth in Section 1 through 4 above is true and correct.
- b. Each fact set forth in the memorandum for Agenda Item No. 5, Meeting Date May 28, 2002, from Allan Rigg to James B. Hendrickson, presented to the City Council on said date, is true and correct.

- c. The applicant met with neighboring property owners prior to the Planning Commission hearing in compliance with the neighborhood compatibility ordinance.
- d. The ridge elevations of the property were lowered by three feet (3') in order to reduce the view impact on neighboring properties and the building height is well within the limits contained in the zoning code. Therefore, silhouetting of the property is unnecessary and would not provide beneficial information.
- e. The project is within the maximum allowed floor area and building coverage and does not present an overly massive look.

Section 6. Based upon the findings set forth herein, the City Council finds that the Application, as conditioned in the conditions of approval attached hereto as Exhibit A, which conditions are incorporated herein by this reference:

- a. Is designed and will be developed to preserve to the greatest extent practicable the natural features of the land, including the existing topography and landscaping, since the amount of grading is the minimum required to effect the project;
- b. Is designed and will be developed in a manner which will be reasonably compatible with the existing neighborhood character in terms of scale of development and relation to surrounding residences and other structures, since other structures of similar size are located in the immediate neighborhood;
- c. Is designed and will be developed in a manner which will preserve to the greatest extent practicable the privacy of persons residing on adjacent properties since the project is located out of the required setback areas;
- d. Is designed and will be developed in a manner to the extent reasonably practicable so that it does not unreasonably interfere with neighbors' existing views, since the building height is far lower than the maximum permitted;
- e. Will not unreasonably change the natural contours of the land since the changes are required to effectuate the project;
- f. Will not create a hazard to the immediate or adjacent property since no information regarding the potential for such a hazard has been presented to the City and the grading will be done in accordance with accepted standards;
- g. Will not unreasonably interfere with the use or enjoyment of property by other persons in the City through its proposed grading since no information of the potential for such interference was presented to the City; and
- h. Complies with all requirements of Palos Verdes Municipal Code Section 8.05.060.

Section 7. Based upon the findings and determinations set forth herein, as supported by the evidence considered in connection therewith, the City Council finds and determines that the appeal of the Planning Commission's approval of the Application should be denied and the grading permit and neighborhood compatibility application shall be approved subject to the conditions of approval imposed by the Planning Commission on April 17, 2002 and those imposed by the City Council on May 28, 2002, attached hereto as Exhibit A.

Section 8. The City Clerk shall certify to the passage and adoption of this Resolution and enter it into the book of original Resolutions.

PASSED, APPROVED AND ADOPTED this 11<sup>th</sup> day of JUNE, 2002.

Conditions of Approval  
R-02-19

1. This approval is granted for the land or land use as described in the application and any attachments thereto, and as shown on the plot plan submitted, Exhibit B.
2. Prior to obtaining a building permit and within 30 day hereof, the applicant and property owner shall file with the Secretary of the Planning Department written acknowledgment of the conditions stated herein on forms provided by the Planning Department.
3. All buildings, fences, signs, roadways, parking areas, and other facilities or features shall be located and maintained as shown on the approved plans.
4. All buildings and structures shall be of the design as shown on the approved plans.
5. Compliance with and execution of all conditions listed herein shall be necessary prior to obtaining final building inspection clearance and/or prior to obtaining any occupancy clearance. Deviation from this requirement shall be only by written consent of the Director of Planning.
6. All requirements of any law, ordinance, or regulation of the State of California, City of Palos Verdes Estates, and any other governmental entity shall be complied with.
7. This approval is subject to the applicant paying all fees and assessments to the City of Palos Verdes Estates, as required by Ordinance.
8. In the event the City determines that it is necessary to take legal action to enforce any of the provisions of these conditions, and such legal action is taken, the applicant shall be required to pay any and all cost of such legal action, including reasonable attorney's fees, incurred by the City, even if the matter is not prosecuted to a final judgment or is amiably resolved, unless the City should otherwise agree with the applicant to waive said fees or any part thereof. The foregoing shall not apply if the permittee prevails in the enforcement proceeding.
9. The applicant shall defend, indemnify, and hold harmless the City and its officers, agents, and employees, and the officers and employees of the firm, Charles Abbott Associates, from any claim, action or proceeding against the City or its officers, agents or employees to attach, set aside, void, or annul approval of this application. The City shall promptly notify the applicant of any such claim, action, or proceeding and shall cooperate fully in the defense.
10. An approval granted by the Planning Commission does not constitute a building permit or authorization to begin any construction. An appropriate permit issued by the Department of

Building and Safety must be obtained prior to construction, enlargement, relocation, conversion, or demolition of any building or structure within the City.

11. The owner shall provide for the planting of trees in the parkway adjacent to the site of the building in accordance with the recommendation of the Public Works Director or authorized designee.
12. The owner shall provide for the improvement of streets, alleys, walks, and drainage courses adjacent to the site of the building in conformance with standards and specifications of the City and plans approved by the City Engineer.
13. All pool/spa equipment and air conditioning units shall be contained in sound attenuating structures, subject to the approval of the City Engineer.
14. The owner shall provide a "Knox box" universal gate lock, if applicable, accessible to the police and fire departments. Applicants are advised to contact 1-800-552-5669 with any questions.
15. All non-standard encroachments shall be removed from any Parkland adjacent to the subject property, unless specifically approved otherwise, by the Planning Commission.
16. **All ridge elevations shall be reduced by 3 feet.**
17. **Wall/railing at front courtyard shall be moved out of the front setback area.**
18. **Landscaping shall be maintained at or below the minimum roof ridge elevation.**
19. **Trash yard shall be moved out of the setback area.**
20. **Landscaping at northeast side of house between wood gates and rear of house shall be maintained at or below the adjacent eave elevation.**
21. **Walls and railings are not permitted within City right-of-way.**
22. **Project shall comply with proposed courtyard configuration and removal of structures within the public right-of-way as depicted on the plans submitted by the applicant on May 23, 2002.**
