

**RESOLUTION R06-19**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PALOS VERDES  
ESTATES, CALIFORNIA APPROVING THE AUDITOR'S REPORT AND  
SETTING THE RATE FOR THE FIRE AND PARAMEDIC SERVICES SPECIAL  
TAX TO FINANCE FIRE AND PARAMEDIC SERVICES  
FOR FISCAL YEAR 2006-07**

**WHEREAS**, the voters of the City of Palos Verdes Estates on March 6, 2001 approved Ordinance No. 630, which authorizes the City to levy the Fire and Paramedic Services Special Tax for the purpose of funding fire and paramedic service, currently provided under contract to the City by the Consolidated Fire Protection District of Los Angeles County; and

**WHEREAS**, the approval of the special tax included procedures for determining the rate and method of apportionment of the Fire and Paramedic Services Special Tax, the maximum rate to be levied and enabling the collection and providing for the administration of such tax; and

**WHEREAS**, the City Council has caused to be prepared a report entitled "Fire and Paramedic Services Special Tax, Fiscal Year 2006-07, Auditor's Report, City of Palos Verdes Estates" (the "Auditor's Report"), which is presented by the City Clerk and attached hereto as "Exhibit A"; and

**WHEREAS**, the City Council has budgeted and appropriated the revenues from the special tax and the expenditures associated with the cost of fire and paramedic contract services and administration as part of the City's fiscal year 2006-07 budget,

**NOW THEREFORE, BE IT RESOLVED** by the City Council of the City of Palos Verdes Estates as follows:

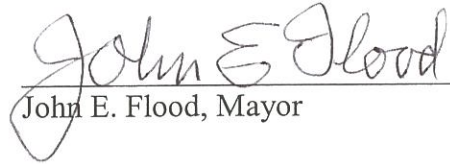

Section 1. The City Council has duly considered the Auditor's Report, attached hereto as "Exhibit A" and incorporated herein by reference, and hereby approves said report as filed.

Section 2. The City Council hereby establishes the tax rates as set forth in the Auditor's Report for the fiscal year commencing July 1, 2006 and ending June 30, 2007.

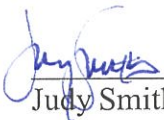

Section 3. The City Council hereby resolves that the proceeds from any funds collected from the Fire and Paramedic Services Special Tax shall be expended for fire and paramedic services.

Section 4. The City Clerk shall certify to the passage and adoption of Resolution 06-19 and enter it into the book of original resolutions.

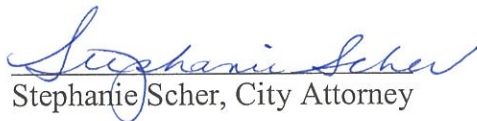

PASSED, APPROVED AND ADOPTED on this 27th day of June, 2006.

**AUDITOR'S REPORT  
CITY OF PALOS VERDES ESTATES  
FIRE AND PARAMEDIC SERVICES SPECIAL TAX  
FISCAL YEAR 2006-07**

**INTRODUCTION**

The purpose of the Special Tax is to provide fire and paramedic special services to the City of Palos Verdes Estates as contracted with the County of Los Angeles Fire Department. The enabling legislation for the Special Tax is found in the California Government Code commencing with Section 50075. On March 6, 2001, by over a two thirds majority, the voters approved the establishment of the City of Palos Verdes Estates Fire and Paramedic Services Special Tax.

The above proceedings approved the rate and method of apportionment and the maximum amount to be levied over a period of six (6) years, starting in Fiscal Year 2001-02. This report is for the purpose of establishing the tax rates for Fiscal Year 2006-07, in accordance with the methodology as set forth in the approved Rate and Method of Apportionment. The City has retained Bureau Veritas/Berryman & Henigar to prepare the Auditor's Report.

**ESTIMATE OF REVENUES GENERATED**

The total estimated revenue to be generated from the Fire and Paramedic Services Special Tax for FY 2006-07 is \$3,331,116.

**COST ESTIMATE FOR FY 2006-07**

The Special Tax Liability for any Fiscal Year is an amount sufficient to pay the costs of the services included in the Special Tax, to include: (i) costs for fire and paramedic services, and (ii) administrative expenses.

Cost Estimate	Special Tax Fiscal Year 06-07	Assessment Fiscal Year 05-06 Actual Costs
County of Los Angeles Fire and Paramedic Services Estimated Costs	\$ 3,328,030	\$ 3,132,992
Special Tax Administration	\$ 8,900	\$ 6,000
Subtotal:	\$ 3,336,930	\$ 3,138,992
Contribution from Fund Balance	\$ (5,814)	\$ (10,992)
	\$ 3,331,116	\$ 3,128,000

## RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAXES

The purpose of the Special Tax is to provide fire and paramedic special services to the City of Palos Verdes Estates as contracted with the County of Los Angeles Fire Department. This section of the report describes the rate and method of the Special Tax formula that distributes the cost of fire and paramedic special services to each lot or parcel based upon the type of use of each property and its risk classification. The basis of the Special Tax was developed based upon information provided by the City of Palos Verdes Estates, information from the County of Los Angeles Fire Department, and the requirements of California Government Code Section 50075.

This Special Tax is to provide the financing for the fire and paramedics special services provided to the City of Palos Verdes Estates by the Los Angeles County Fire Department. Under the provisions of the Code, a Special Tax does not necessarily need to demonstrate an immediate benefit upon a parcel of property. However, this Rate and Method of Special Tax equitably relates the costs of providing fire and paramedic services to the properties within the City. The Special Tax Rate and Method consider the actual benefits received by a parcel or the projected costs of protecting a certain type of parcel and related improvement, if any.

The Special Tax rates shall be based on the type of property and the risk classifications of the structure. The risk classification may include the amount of water required for fire suppression, the structure size, type of construction and use of the structure. In making an analysis for the City of Palos Verdes Estates, the most pertinent variable in the above factors would be the size of the structure, which is directly related to other variables. The larger improvements have more value, and therefore have greater risk and receive more benefit from fire suppression services. There is also more equipment and firefighter time involved, as well as greater amounts of water used, for larger structures.

### **Land Use Classification**

All parcels are assigned a land-use classification based upon their respective use code assigned by the Los Angeles County Assessor's Office.

- **Residential** - Residential parcels, including single family and multi-family uses, will be assessed by area of improvements on the parcel. Area of improvement is defined as total living area, as shown in the County's database and confirmed by the City's building permit department as of July 1 of each year.
- **Commercial Parcels** - Commercial parcels will also be assessed by area of improvements on the parcel. Based on information from the Los Angeles County Fire Department, the relative risk per square foot of commercial properties is equivalent to that of residential properties. Area of improvement is defined as total building area, as shown in the County's database and confirmed by the City's building permit department as of July 1 of each year.

According to the Los Angeles County Fire Department, the only parcels in the City storing hazardous materials are publicly owned properties, which are exempt from the Special Tax, and service stations.

The information that has been received from several Fire Departments, including Los Angeles County, indicates that service stations are not assigned additional risk factors above those assigned for other commercial properties. Therefore, the service station properties have been assessed the same as other commercial properties within the City.

- **Exempt Parcels** – Exempt parcels are all parcels that are exempt from ad valorem taxes as allowed by current law such as parcels qualifying for a religious property exemption, utility transmission, and government owned parcels.

Additionally, all parcels receive benefit from fire suppression services, regardless of the type of property or size of the improvement on that property. This benefit is a standby availability benefit, which allows a property to obtain reasonable insurance rates and increases the desirability of a property due to the proximity of fire fighting equipment and staff. Therefore, every parcel within the City of Palos Verdes Estates, whether it has a structure constructed on it or not, is assessed a flat fee for the standby availability benefit.

### **MAXIMUM SPECIAL TAX**

A parcel's annual Special Tax amount may change from year to year, depending on the parcel's then-current land use and development thereon. However, a parcel may not be levied at an amount greater than the applicable Special Tax as established by the Rate and Method. The Special Tax includes a maximum annual six and one-half (6.5%) percent escalator in any fiscal year, as approved annually by City Council pursuant to the cost of the County of Los Angeles fire and paramedic services contract.

### **SPECIAL TAX LEVY FOR FY 2006-07**

The Rate and Method of Apportionment describes the maximum Special Tax to be levied for Fire and Paramedic Services within the City of Palos Verdes Estates. The calculation for the Fiscal Year 2006-07 total Special Tax is based on the Fiscal Year 2005-06 Special Tax rates escalated at 6.0%.

A summary of parcel information relative to the Special Tax is shown on the following page. This information has been based upon the records of the Los Angeles County Assessor. Parcel means any Los Angeles County Assessor's Parcel that is within the boundaries of the City based on the equalized tax rolls of the County.

**PARCEL INFORMATION SUMMARY**

Special Tax Rate Fiscal Year 2006-07

**PROCEDURAL INFORMATION**

**Maximum Special Tax**

A parcel's annual Special Tax amount may change from year to year, depending on the parcel's then-current land use and development thereon. However, a parcel may not be levied at an amount greater than the applicable Special Tax as established by the Rate and Method. The calculation for the Fiscal Year 2006-07 total Special Tax is based on the Fiscal Year 2005-06 Special Tax rates escalated at 6.0%. The Special Tax includes a maximum annual six and one-half (6.5%) percent escalator in any fiscal year, as approved annually by City Council pursuant to the cost of the County of Los Angeles fire and paramedic services contract.

**Duration of Special Tax**

The length of duration of the Fire and Paramedic Services Special Tax is six (6) years. The Special Tax levy began in the Fiscal Year 2001-02 and will continue annually through Fiscal Year 2006-07. Fiscal Year means the period starting on July 1 and ending the following June 30.

**Schedule of Special Tax**

An annual Auditor's Report including the Special Tax roll will be submitted to the City Council for consideration on or around July 1<sup>st</sup> of each year, as part of the annual budget process. At that time the Special Tax rates will be included in the budget for the ensuing fiscal year. The Special Tax will be collected with the property taxes on the annual County property tax bill.

P. MICHAEL FREEMAN  
FIRE CHIEF  
FORESTER & FIRE WARDEN

June 2, 2006

Judy Smith, Assistant City Manager  
City of Palos Verdes Estate  
340 Palos Verdes Drive West  
Palo Verdes Estates CA 90274

Dear Ms. Smith:

## FINAL 2005-06 FEE AND 2006-07 ESTIMATE FOR FIRE PROTECTION SERVICES

In accordance with Agreement Number 52317, as amended on May 2, 2006, enclosed is a fee summary chart showing annual fees, annual fee limitations, retirement savings, various payment adjustments/credits, and net city payments. Attachment A is the final 2005-06 fee for fire protection services provided to your City and Attachment B is the estimated 2006-07 fee and monthly net City payment.

The following are the major elements affecting your City's 2006-07 estimated net cost:

### Salary and Employee Benefits

The County recently reached an agreement with two unions representing safety employees, providing a 4% general salary movement in Fiscal Year 2006-07. Although an agreement with the firefighters union has not been reached as of yet, we anticipate the fire fighters will also receive a similar salary increase. Therefore, we have included a 4% increase in preparing the estimate.

### LACERA Buydown Program

We recently learned from our Chief Administrative Office, that 2006-07 will be the last year of the County's multi-year program that will phase out the County's reliance on excess pension fund earnings to offset employer contributions to LACERA. As such, the cost abatement for 2006-07 will decrease to 2.5%, instead of the 21% abatement used in the preliminary estimate. In addition, the retiree health insurance abatement of 25% will also end in 2006-07. There will be no abatements for both costs starting in 2007-08.

**ALS Pass-through Revenue**

As you may know, the County has entered into new 9-1-1 Emergency Ambulance Transportation Services contracts with four ambulance companies providing emergency transport services within the cities and unincorporated areas of Los Angeles County. With these new 9-1-1 contracts, which became effective May 31, 2006, new ALS Billing Agreements were also executed by and between the Fire District and the four ambulance companies (American Medical Response of Southern California, Care Ambulance Service, Inc., Schaefer Ambulance Service, Inc., and Westmed/McCormick Ambulance Service, Inc.) in order to continue the ALS fee program for services provided by District paramedics.

Although the first remittance under this new agreement will not begin until October 2006, we will continue to pass on to you, as a credit to your monthly invoice, any revenue we receive for all ALS transports originating within your city under the old agreement.

Please do not hesitate to contact me with any questions, or your staff may contact Theresa Barrera at (323) 838-2303 if they have specific questions regarding the cost elements and/or fee structure.

Sincerely,

HELEN E. JO, CHIEF  
FINANCIAL MANAGEMENT DIVISION

HEJ:lr
