

RESOLUTION NO. R07-03

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PALOS VERDES ESTATES, CALIFORNIA, DENYING AN APPEAL OF THE ACTION OF THE PLANNING COMMISSION GRANTING APPROVAL OF A NEIGHBORHOOD COMPATIBILITY APPLICATION AND A GRADING PERMIT APPLICATION AT 1415 VIA ARCO AND ADDING ONE CONDITION

The City Council of the City of Palos Verdes Estates does resolve as follows:

Section 1. Applications (the “Applications”) for neighborhood compatibility and a grading permit for the construction of a new single family residence (the “Project”) were submitted for the property located at Lot 8 of Block 4 of Tract No. 8043 in the City of Palos Verdes Estates, County of Los Angeles, State of California, known as 1415 Via Arco, Palos Verdes Estates, California (the “Property”). The Applications were approved by the Planning Commission on November 21, 2006, subject to certain conditions, including a condition that the ridge heights be lowered by reducing plate heights with no additional grading.

Section 2. On December 6, 2006, an appeal of the Planning Commission’s approval was filed by Robert Vasey. Appellant did not appeal the determination that the Applications are categorically exempt from the California Environmental Quality Act.

Section 3. On January 10, 2007, the City Council conducted a public hearing on the appeal, which hearing was duly and properly noticed. At such hearing, the Council received and considered the written appeal of Appellants, oral and written staff reports, and documentary evidence, including, but not limited to, site plans, minutes of the Planning Commission meeting, and a photographic presentation, and received and considered oral testimony from the Appellants, the applicant for the Application, and staff.

Section 4. Based upon the evidence presented, the City Council hereby finds and determines as follows:

- a. Each fact set forth in Sections 1 through 3, above, is true and correct.
- b. Each fact set forth in the memorandum for Agenda Item No. 6, Meeting Date 1/10/07 from Allan Rigg to James B. Hendrickson, presented to the City Council on said date, is true and correct.
- c. The building coverage, lot coverage and building height of the Project will be less than permitted.

- d. The Project is located on a large sloping lot and has been designed to have the appearance from the street of a one-story structure.
- e. The massing of the Project is not inconsistent with the neighborhood, which includes houses that differ substantially from one another in size.
- f. The Applicant has revised the Project so as to decrease the impact on Appellant's view and the Planning Commission's condition that ridge heights be reduced will further mitigate impacts on views. Appellant's request that the Project be rotated in its orientation to the street is not reasonably feasible and will not result in a significant further decrease in the impact on Appellant's view.
- g. The Appellant's view will be partially restored by the removal of two palm trees located toward the rear of the Property. The City Council hereby directs that the removal of the two palms trees located toward the rear of the Property be added as a condition of approval in addition to the conditions imposed by the Planning Commission.
- h. The Project utilizes the existing topography and most of the grading that will be done for the Project is under the house rather than on open portions of the Property.

Section 5. Based upon the findings set forth herein, the City Council finds the Application, as conditioned in the conditions of approval attached hereto as Exhibit A:

- a. Is designed and will be developed to preserve to the greatest extent practicable the natural features of the land, including the existing topography.
- b. Is designed and will be developed in a manner which will be reasonably compatible with the existing neighborhood character in terms of scale of development and relating to surrounding residences and other structures, in that the Project has a building coverage and lot coverage within that permitted and a roof line well within the permitted height requirements.
- c. Is designed and will be developed in a manner which will preserve to the greatest extent practicable the privacy of persons residing on adjacent properties.
- d. Is designed and will be developed in a manner to the extent reasonably practicable so it does not unreasonably interfere with neighbors' existing views, in that the Project will not interfere significantly with views in light of modifications made to the Project by the applicant, the condition imposed by the Planning Commission regarding ridge heights and the additional condition hereby imposed requiring removal of two palm trees.

Section 6. Based upon the findings and determinations set forth herein, as supported by the evidence considered in connection therewith, the City Council finds and determines that the

appeal of the Planning Commission's approval of the Application should be denied and the Application is hereby approved subject to the conditions contained herein as revised hereby.

Section 7. The City Clerk shall certify to the passage and adoption of this Resolution and enter it into the book of original Resolutions.

PASSED, APPROVED AND ADOPTED this 23rd day of January, 2007.

JOHN E. FLOOD, Mayor

ATTEST:

JUDY SMITH, City Clerk

STEPHANIE R. SCHER, City Attorney

EXHIBIT "A"

NEIGHBORHOOD COMPATIBILITY AND GRADING APPLICATION

NC-1261/GA-1394-06

Conditions of Approval

R-07-03

1. This approval is granted for the land or land use as described in the application and any attachments thereto, and as shown on the plot plan submitted, attached hereto as Exhibit A.
2. All buildings, fences, signs, roadways, parking areas, and other facilities or features shall be located and maintained as shown on the approved plans.
3. All buildings and structures shall be of the design as shown on the approved plans.
4. Compliance with and execution of all conditions listed herein shall be necessary prior to obtaining final building inspection clearance and/or prior to obtaining any occupancy clearance. Deviation from this requirement shall be only by written consent of the Director of Planning.
5. All requirements of any law, ordinance, or regulation of the State of California, City of Palos Verdes Estates, and any other governmental entity shall be complied with.
6. This approval is subject to the applicant paying all fees and assessments to the City of Palos Verdes Estates, as required by Ordinance.
7. In the event the City determines that it is necessary to take legal action to enforce any of the provisions of these conditions, and such legal action is taken, the applicant shall be required to pay any and all cost of such legal action, including reasonable attorney's fees, incurred by the City, even if the matter is not prosecuted to a final judgment or is amiably resolved, unless the City should otherwise agree with the applicant to waive said fees or any part thereof. The foregoing shall not apply if the permittee prevails in the enforcement proceeding.
8. The applicant shall defend, indemnify, and hold harmless the City and its officers, agents, and employees from any claim, action or proceeding against the City or its officers, agents or employees to attach, set aside, void, or annul approval of this application. The City shall promptly notify the applicant of any such claim, action, or proceeding and shall cooperate fully in the defense.
9. An approval granted by the Planning Commission does not constitute a building permit or authorization to begin any construction. An appropriate permit issued by the Department of Building and Safety must be obtained prior to construction,

enlargement, relocation, conversion, or demolition of any building or structure within the City.

10. The owner shall provide for the planting of trees in the parkway adjacent to the site of the building in accordance with the recommendation of the Public Works Director or authorized designee.
11. The owner shall provide for the improvement of streets, alleys, walks, and drainage courses adjacent to the site of the building in conformance with standards and specifications of the City and plans approved by the City Engineer.
12. All pool/spa equipment and air conditioning units shall be contained in sound attenuating structures, subject to the approval of the City Engineer.
13. The owner shall provide a "Knox box" universal gate lock, if applicable, accessible to the police and fire departments. Applicants are advised to contact 1-800-552-5669 with any questions.
14. All non-standard encroachments shall be removed from any Parkland adjacent to the subject property, unless specifically approved otherwise by the Planning Commission.
15. The height of all new fireplace chimneys shall be the minimum allowable per the Building Code.
16. **City standard curb and gutter shall be installed per construction plans prepared by a registered Civil Engineer and approved by the City Engineer.**
17. **Reduce ridges 1 foot by reducing plate height, with no additional grading.**
18. **The height of chimneys shall be constructed so as to not exceed the minimum code size, with additional caps not to exceed 30".**
19. **Remove existing two palm trees.**

STATE OF CALIFORNIA)
COUNTY OF LOS ANGELES) SS:
CITY OF PALOS VERDES ESTATES)

I, Vickie Kroneberger, Deputy City Clerk for the City of Palos Verdes Estates, California, do hereby certify that the foregoing Resolution **R07-03** was duly and regularly approved and adopted by the City Council of the City of Palos Verdes Estates at its regular meeting of the City Council on the 23rd of January, 2007, by the following vote:

AYES: COUNCILMEMBERS: Flood, Goodhart, Sherwood, Abbott, and
Humphrey

NOES: COUNCILMEMBERS: None
