

**RESOLUTION R08-06**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PALOS VERDES  
ESTATES IMPLEMENTING A RESIDENTIAL PARKING PERMIT ZONE  
ADJACENT TO PALOS VERDES HIGH SCHOOL PURSUANT TO  
CHAPTER 10.44.065 OF THE PALOS VERDES ESTATES MUNICIPAL CODE**

**WHEREAS**, pursuant to Chapter 10.44.065 of the Palos Verdes Estates Municipal Code the City Council may, by resolution, identify specific areas in which residents may be exempted from posted parking restrictions if they obtain and display a permit or decal in a form approved by the City; and

**WHEREAS**, a study was performed by LSA Associates in May of 2002, under contract with the Palos Verdes Unified School District, which identified imposing parking restrictions on public streets near the Palos Verdes High School with an exemption for residents would help minimize impacts from the reopening of the school; and

**WHEREAS**, a detailed study was performed by Katz Okitsu in November of 2007, under contract with the City, to create a program to implement parking restrictions which is referred to as a Residential Parking Permit Zone Program; and

**WHEREAS**, on January 22, 2008, the City Council approved the details and procedures, including the voting process, for establishment of a Residential Parking Permit Zone Program adjacent to Palos Verdes High School; and

**WHEREAS**, the vote of the residents has been completed and a majority of the residents have provided a positive vote to implement the Residential Parking Permit Zone Program.

**NOW THEREFORE**, the City Council of the City of Palos Verdes Estates hereby resolves as follows:

Section 1. The City Council has duly considered the Palos Verdes High Residential Parking Permit Zone Program, attached hereto as "Exhibit A" and incorporated herein by reference, and hereby approves the implementation of that program as approved by a majority of those eligible to vote, as reflected in the tally attached as "Exhibit B".

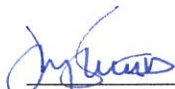

Section 2. The City Clerk shall certify to the passage and adoption of Resolution R08-06 and enter it into the book of original resolutions.

**PASSED, APPROVED AND ADOPTED on this 11th day of MARCH, 2008.**

## **PALOS VERDES HIGH RESIDENTIAL PARKING PERMIT ZONE PROGRAM**

### **Initial Size**

- 1) The initial Residential Parking Permit Zone (RPZ) is shown as Exhibit 1 (on the reverse side of the ballot).

### **Procedures for Initial Approval**

- 2) A ballot will be sent to each residence within the RPZ. The ballots will be numbered, but there will be no record which corresponds a ballot to a specific residence. The numbering is only performed to ensure the validity of the vote (only one vote per residence).
- 3) Residents will be given 30 days to return their ballot to City Hall.
- 4) Staff will report the results of the vote to the City Council at a regularly scheduled meeting. A vote of approval from at least 50% of the residences within the RPZ, not simply 50% of returned ballots, will be deemed as an approval of the residents within the RPZ.
- 5) The City Council will decide by resolution whether or not to establish the RPZ.

### **Hours of Restrictions**

- 1) The hours of the restrictions north of the school, including Dalton from Via Pacheco to Palos Verdes Drive West, will be "No Parking" Monday through Friday, 8 am until 3 pm, school days only.
- 2) The hours of the restrictions south of the school will be "No Parking" Monday through Saturday, 8 am until 5 pm.

### **Exemption from Restrictions**

- 1) No vehicle may park on the streets within the RPZ during restricted hours unless said vehicle has an override "hangtag" within it identifying the vehicle as being excluded from the parking restrictions, or has a temporary exemption sticker issued by the City.
- 2) Additionally, exempted vehicles are those which display a current City business license sticker while actually and continuously being loaded or unloaded, or when parked because its presence is in connection with and in aid of the performance of a service to or on property in the block in which such vehicle is parked for such time as is reasonably necessary to complete the work at a residence in the RPZ.
- 3) Only the residents within the RPZ may obtain hangtags.
- 4) Each residential household is allowed up to two (2) hangtags. The hangtag shall be prominently displayed in the front windshield of the eligible vehicle. Each tag is good for one calendar year.

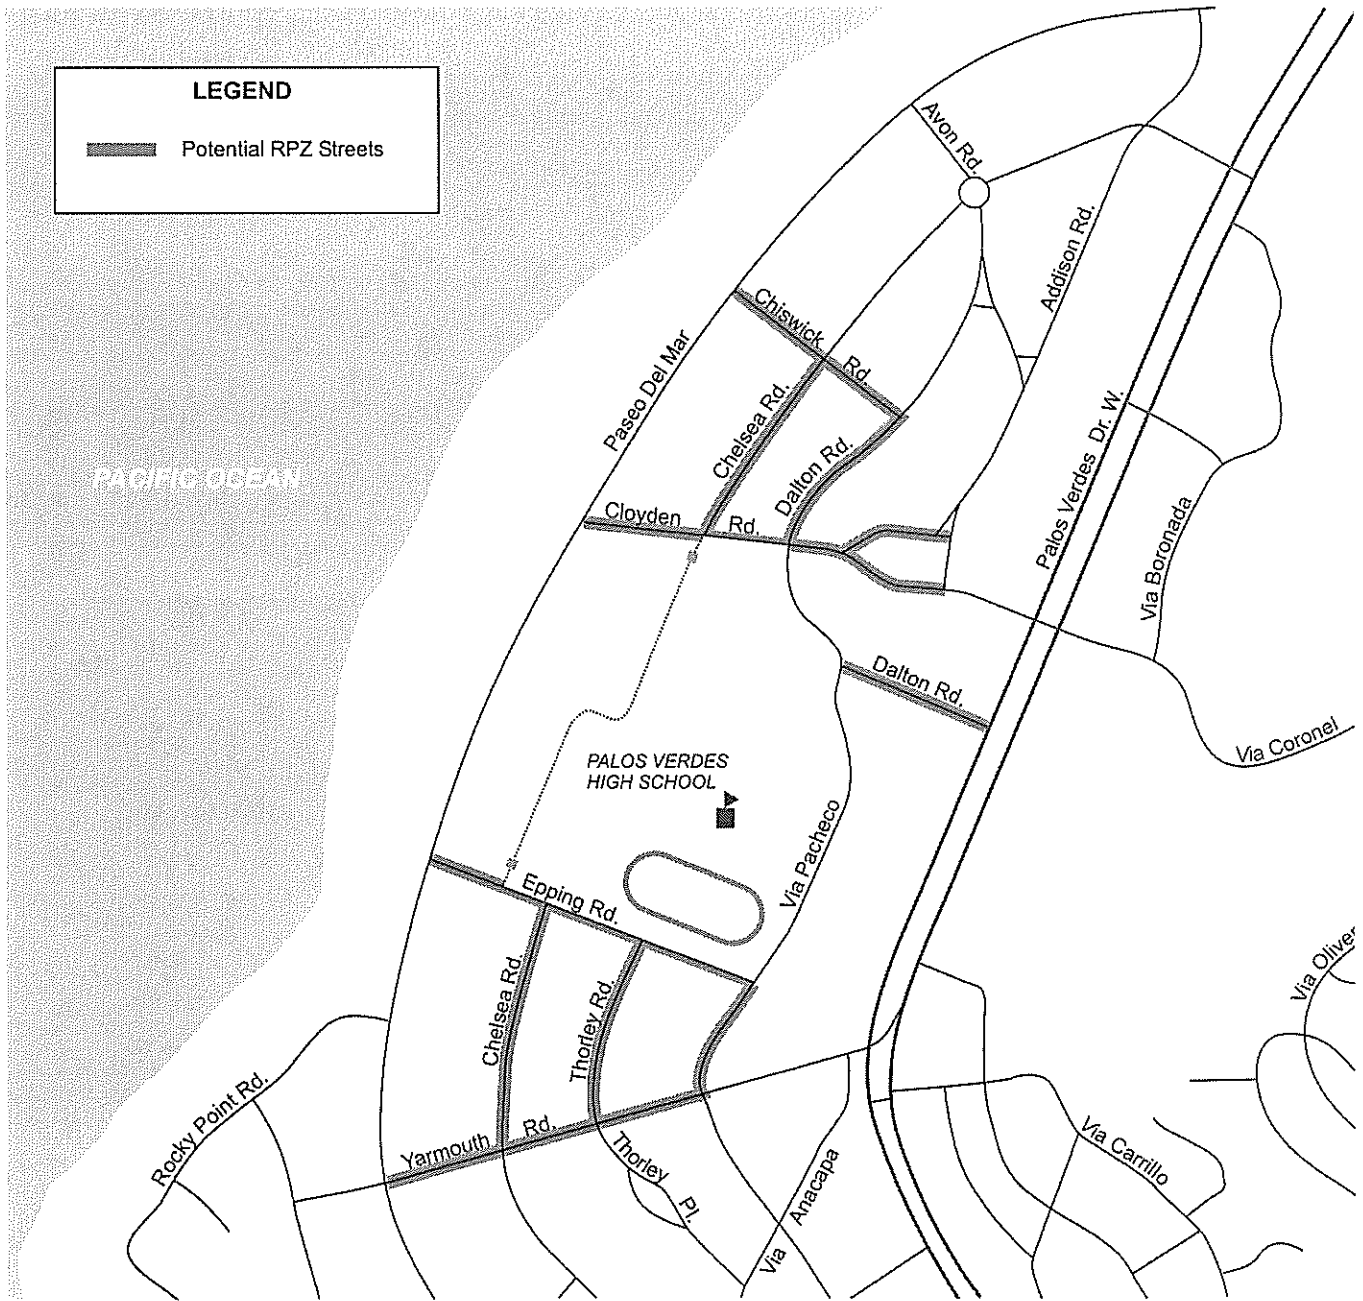

- 5) Temporary stickers will be issued to residences within the RPZ as-needed. Stickers are good for the day of the event.
- 6) Temporary and annual stickers are not to be used by persons for the use of school facilities, and are invalid. Any resident found to be providing stickers for school usage will be prohibited from obtaining additional stickers.

#### **Permit Fees**

- 1) There is no initial fee for an override hangtag. The fee for replacement of lost or stolen hangtags is \$10. The fee for temporary stickers is \$1 per sticker.

#### **Modifications to Size After Implementation**

- 1) Residents fronting an eligible street may petition for residential parking restrictions on their block. Eligible streets are those that are contiguous to the existing Residential Permit Parking Zone (RPZ), not within the Coastal Zone, and within the boundary established within the LSA report. A block is defined as the length of street between two adjacent intersections or between an intersection and the termination of the street in either direction. Street frontages with commercial or high density residential uses are also not eligible for this program.
- 2) One or more sponsors (contact person) may circulate the petition form to all residents of the fronting properties on both sides of the proposed block. If a resident is against being included in the RPZ, the word "OPPOSED" should be noted in the petition signature space. If the sponsor is unable to contact a resident "NO CONTACT" should be noted in the petition signature space with the days and times that the contact was attempted.
- 3) After at least one-half (50%) of the fronting property owners or residents on both sides of the proposed block have signed in support of being included in the RPZ, the contact person signs the perjury statement on each page of the petition, and submits the petition to the City Engineer. There is no fee to petition for installation of parking restrictions on a street within the program area.
- 4) The City Engineer will evaluate the petition and verify eligibility of the proposed block. Once verified, City staff will mail a ballot to each property owner within the proposed block. If at least 50% of the ballots are returned within 30 days with a positive vote, staff will install signs in the neighborhood with the restrictions.
- 5) The process for removal of restrictions is the same as outlined above for adding restrictions.
